Sounds good! And I'll add you to any future discussions.

Have a good weekend..

I'll ask him on the lakes and reservoirs criteria.

## Ex. 5 Deliberative Process (DP)

I'll coordinate with Erika on scheduling that ND meeting for a time that I can make it!

I'm around today until about 3, and then headed to the woods for some fishing with the older kid.

Thanks! That would be great!

If you have a minute, could you please ask Aaron if they submitted comments on EPA's 304(a) criteria for lakes/reservoirs? I'm assuming not but just curious.

I'll reach out to Erika. I hope that we can have a productive conversation by early September, but the 2<sup>nd</sup> actually won't work for me as I'll be in the woods doing that big watershed reclamation project.

Maybe we can push it a week and buy a little more time. FYI, I am having a meet and greet conversation with Aaron this afternoon, so hopefully that will help move us along the path.

Andrew,

Just one heads up on this topic. Erika Larsen would still like to discuss ND data issues and status of various programs as part of Sept. 2 internal ND meeting. Hoping we might be ready for the discussion at that time. Just flagging for you in case you want to reach out to Erika at all.

Hello Team North Dakota:

I know that I requested a meeting on Monday, but at this point I would like to delay it until a future date. So enjoy the extra time on a Monday!

Cheers.
